Project Brief & Guidance

Scenario:

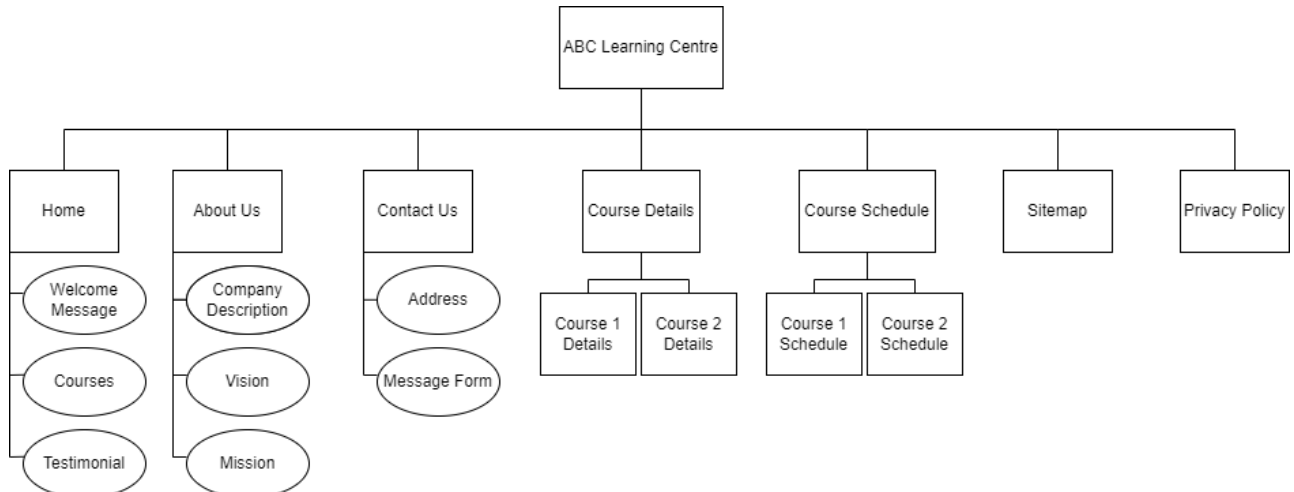

You have been approached by 'ABC Learning Center' as a website developer to develop a company portfolio website for their institute. 'ABC Learning Center' is an IT Training institute that conducts courses like 'Programming in Java', 'Programming in .Net', 'Microsoft Office', 'HTML' etc. They want to design a website which can be used for providing information about their courses to students.

You will be required to design and develop this website using HTML, JavaScript, and CSS.

For Assignment 1, you will be required to design following pages for the website –

1. Common Content
 - a. Header
 - b. Footer
 - c. Navigation
2. Home Page
3. About Us Page / Profile Page
4. Contact Us Page (Develop 1 Html page)
5. Course Details Page (Develop 2 pages, 1 for each course)
6. Course Schedule Page (Develop 2 pages, 1 for each course)
7. Sitemap Page (Develop 1 HTML page)
8. Privacy Policy Page (Develop 1 HTML page)

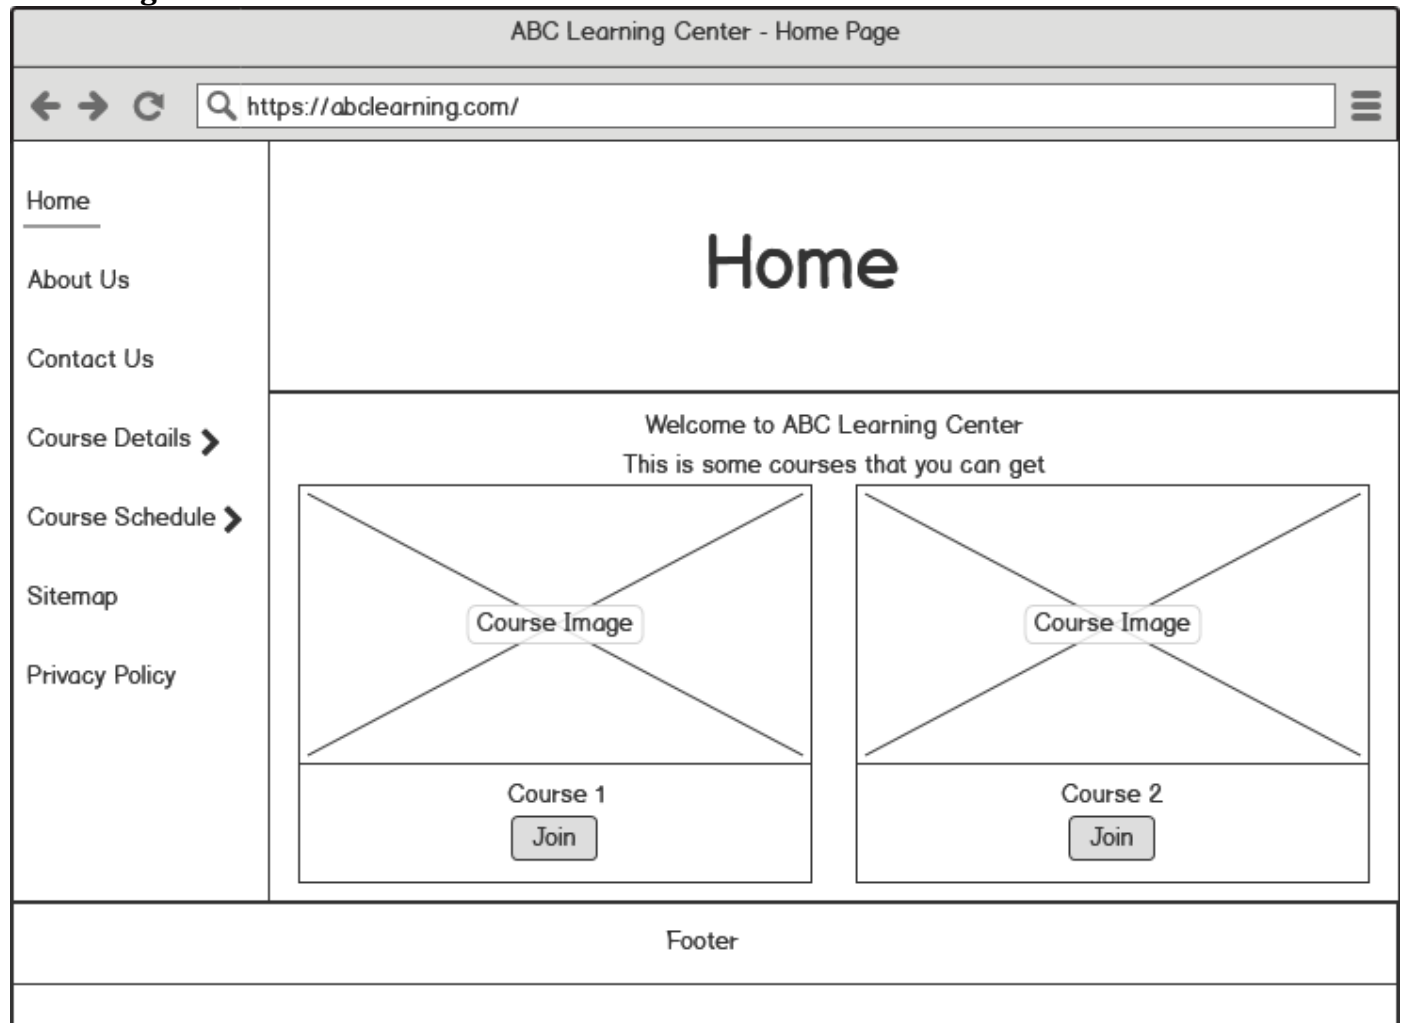

Information Architecture

In this information architecture, I have some pages that are: Home page that shows the welcome message, courses and testimonials from the learners, About Us shows about what is our company and more specific information related to our company, Contact Us shows a form that can send user message to the admin and an address of the office, Course Details that are divided into 2 sections: Course 1 detail and Course 2 detail, Course Schedule is also divided into 2 pages that are Course 1 Schedule and Course 2 Schedule, Sitemap that shows the structure of the website, and Privacy Policy.

Wireframe

Home Page

So this is a wireframe for the home page. On this page, we will insert most of the general information about our company, and in this case, I will insert the courses.
